

**OH THE PLACES  
YOU'LL CODE**

**You can code on some rocks**

**You can code on the docks**

**You can code on a boat**

**You can code with some goats**

**...actually...cows**

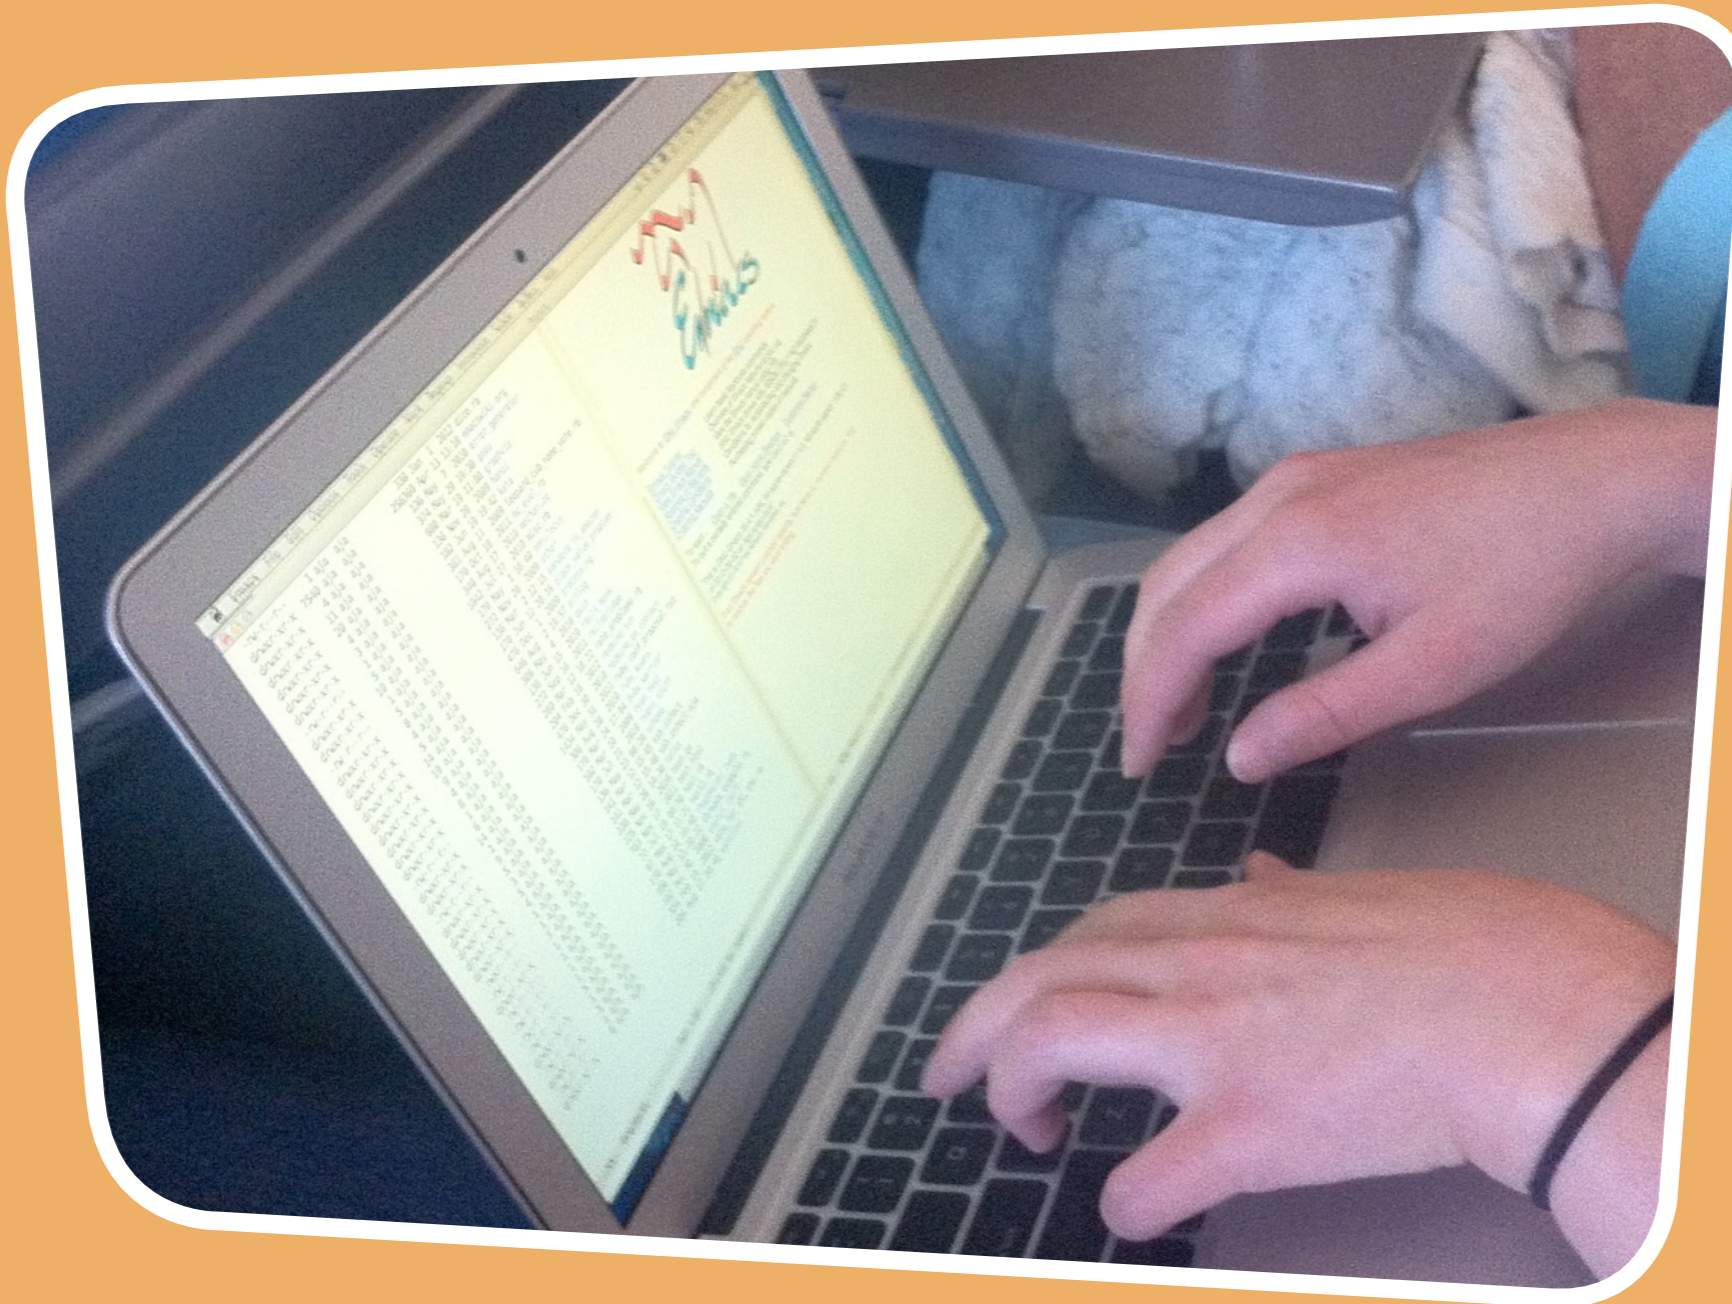

**You can code near a train**

**You can code on a plane**

**You can code when its still**

**You can code when its chill**

**You can code when its chilly**

**You can code in the green**

**You can code by a stream**

**You can code by the light**

**You can code just before night**

**Don't just code  
in your lair**

**Write code  
everywhere!**
